DETAILED ACTION

1. This Office Action is in response to correspondence filed 14 January 2010 in reference to application 10/536,476. Claims 22-37 are pending and have been examined.

Response to Amendment

2. The amendment filed January 14, 2010 has been accepted and considered in this office action. Claims 1-21 were cancelled, claim 22 amended, and claims 23-37 added.

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Roy Rosser on March 24, 2010.

The application has been amended as follows:

2. In claim 22, line 21, insert --, using a processor, -- between the -- automatically-- and --selecting--.

Art Unit: 2626

3. In claim 31, line 1, replace --capable of-- with --implementing the steps of--.

Allowable Subject Matter

4. Claims 22-37 are allowed. The following is an examiner's statement of reasons for allowance:

5. Consider claim 22, the prior art of record, specifically Strubbe and Kay, do not teach or suggest the limitations of "automatically weighting said possible responses using said learned mood value stored with said response and said current mood value using the formula: $\text{weight} = 1/(1 + C| (M_c) - (M_1)|)$, where C is a constant related to a suitability of said possible response and | | indicates the absolute difference between the current and learned mood values; and, automatically selecting said lowest weighted response to generate a natural language response to said natural language query" when combined with all other limitations in the claim. Therefore claim 22 is allowable.

6. Claims 23-30 are dependent on and further limit claim 22 and are therefore allowable as well.

7. Claim 31 contains similar allowable subject matter as claim 22 and is therefore allowable as well.

Art Unit: 2626

8. Claims 32-37 are dependent on and further limit claim 31 and are therefore allowable as well.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
